Due diligence is a fundamental factor in providing security

<https://www.theglobaltreasurer.com/2006/06/06/fundamentals-...>

...shown that some bankers believe that having a due diligence program in place is enough to remove the risk of commercial decision making from them; this is not the case. Due diligence is an advisory process and supplies information to assist in decision making but it is not fail-safe. In essence, **due diligence is a** form of insurance **fundamental** based business operation whether it operates in one or many jurisdictions. A due diligence programme is only effective if used properly. What is Due Diligence and Why is it Needed? Due diligence is the 'insurance' program that, when properly administered, will introduce policy on automatic procedures that every bank employee...
